Wowh, what's that?

More and more bad news, big or small, are emerging in Boshikake city while people living there are not even aware that they are getting into troubles.

A man on Bus 22 grabbed the wheel causing 7-car accident just because he wanted to get off at a non-stop spot while refused.

Man set a restaurant on fire as he suspected the chef cheated in seasoning.

A middle-aged man swindled money out of several men by playing golf in online relationship.

Academy murder in a rich community! The victim...

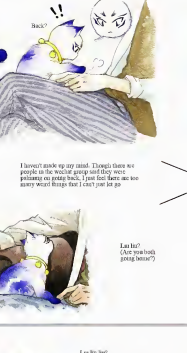

I have a bad feeling about this. Although there were wars because of humanity's depravity, bad emotions have never gathered up so fast and lingered on for so long. Or maybe something is materializing there?

Is something bad really happening in human world? Hey, did your talismen spell send back anything?

Yes. Seems like he's living in the rich community, Zensho. It's not easy to sneak in.

Speaking of which, what's your plan? My class asked me to go back ASAP.

Back?

I haven't made up my mind. Though there are people in the wechat group said they were planning on going back. I just feel there are too many weird things that I can't just let go.

Lai lai? (Are you back going home?)

Lai lai lai? (Are you leaving too?)

Come back with me, baby. My hometown is a fun place. It has various jade marbles!

Lai! (No?)

Alright, fine, we're not leaving as my baby stays.

Are you out of your mind? You're foolish, cat owner!

You shouldn't have been out
Come on, go back with me.

No! I'm not leaving!

No!

No!

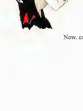

No!

No!

You're lying! If it was dangerous, why did he let Luma come here?

It's exactly because human world is going into troubles that your dad sent Luma as a slight hope to save the world...

Now, come back with me!

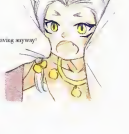

Seems our clan's worries are reasonable...

Troubles?

Hope?

I'm not leaving anyway!

Now that you don't want to go with me, you can stay here for the time being. But your dad will come for you after he finishes things at hand. You can't be so headstrong anymore by that time.

My dad?
He's coming?

Cough

How!

I should go now...

As God of Wind left, a street sign fell down under a gust of wind.

Kind?
It's all just hypocrisy!

Kind

But!

Cracks

Well, we shall see. I'll tear apart human's hypocritical masks myself!
